About Mincom

Mincom is a global software and services provider that delivers solutions critical to businesses in asset intensive industries such as mining, defense, oil and gas, energy, and public infrastructure. Leveraging 30 years of deep experience in these industries, Mincom thrives on helping our customers successfully optimize the performance of their assets, their people, and their businesses as a whole.

With a global reputation for technical excellence and a team of highly knowledgeable and passionate people, Mincom goes where no other solutions provider goes: to the ends of the earth to deliver solutions that integrate business processes, improve insight into operations and reduce costs for our customers. Spanning more than 40 countries across North America, South America, Australia, South East Asia, Africa, and Europe, Mincom solutions run some of the world's largest private and public enterprises.

To learn more about Mincom solutions visit www.mincom.com or contact a Mincom sales representative today.
